## PRODUCT UPDATES

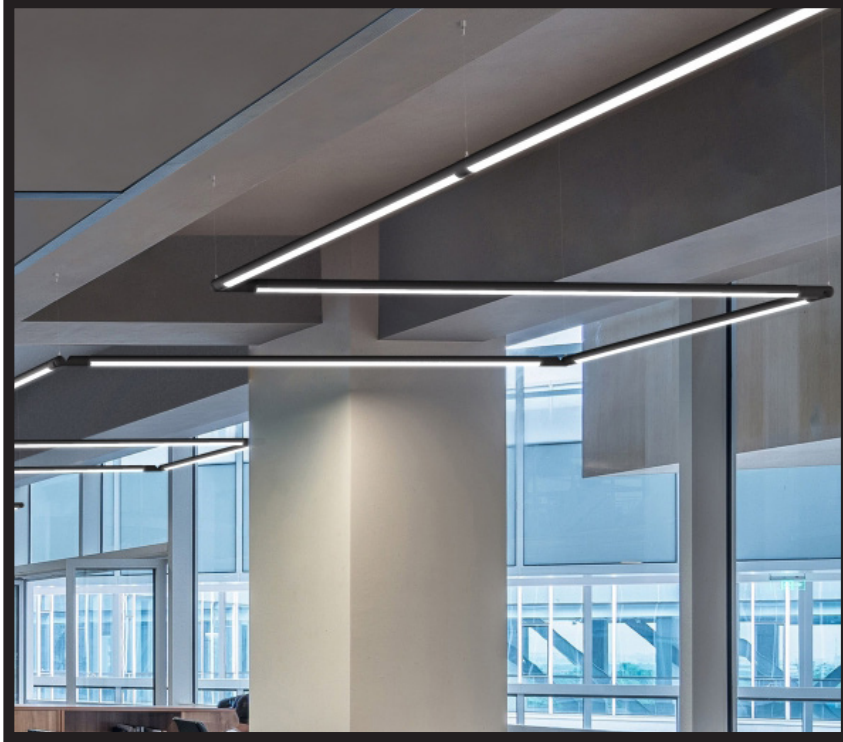

DR. JUSTIN WARD OFFICE - BURLEY, IDAHO

SPECIFIER: MATLACK/VAN EVERY DESIGN

FEATURED PRODUCT: PEERLESS LIGHTING VELLUM LINEAR SUSPENDED

# New Products

## Aloft by a.light

With fully articulating elbows and connectors, Aloft allows designers to create unique configurations. By manipulating a horizontal rotation of 200° Aloft can be shaped in countless ways and locked in place to create the desired design. And a 360° rotation joiner enables full control of the direction of the light. Installation and onsite adjustment is simplified with an innovative plug and play connection system that clicks sections together with ease.

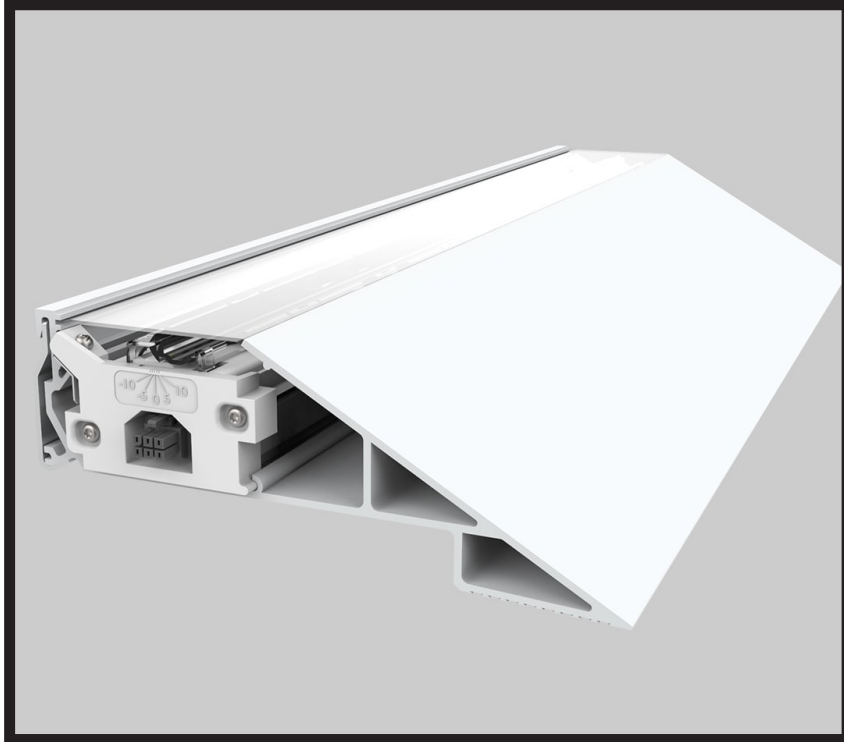

## initia by Aculux

Aculux initia™ 3" is our newest architectural luminaire suited for budget-sensitive projects while delivering exceptional performance and design flexibility.

initia™ is a comprehensive family of round and square recessed adjustable, downlight and wall wash luminaires delivering up to 1500 Lumens.

The initia™ family creates exceptionally quiet ceilings. With 45-degree visual cutoff to source and source image, Aculux initia™ keeps the attention where it belongs ... away from the ceiling plane.

## Wincover by Winona

Built from the Winona® legacy of building solutions that enhance architectural features, the Wincover™ integrated cove system combines aesthetics with a robust system design to deliver a consistently, installation-friendly experience.

- Two extrusion profiles: knife edge and square edge
- Each extrusion profile has two mounting options: mud-in and dry wall
- Standard inside and outside 90-degree welded corners
- Two distributions: Symmetric and Asymmetric
- Clear and frosted wipe-down lens options

## Cycle by Eureka

The perfectly diffused direct/indirect illumination of Cycle creates a luminous halo that fills large spaces with presence and simplicity.

Seamlessly finished, rolled concentric aluminium extrusions with highly reflective inner matte white polyester powder coating available with outer finish in matte white or textured anthracite. Inner finish insert available in blue or red for a colored glow.

Easy to install, adjust and level triple aircraft mounting, available with straight or angled cables on a central canopy.

## Amico

We are pleased to announce the addition of Amico to our line card!

Amico Corporation, founded in 1974, and the other corporations within the Amico Group, design, manufacture and market a broad range of products for virtually every department in the health care facility. Our mission is to design and deliver state-of-the-art products that facilitate the caregiver's role in providing the best outcomes for patients.

## LZ Zoom by LSI

These compact spotlights offer zoom functionality to easily adjust beam spreads from 5° to 50°.

The LZ ZOOM Luminaire is a compact, stemmed spotlight designed with zoom functionality to allow the beam to be easily adjusted from a narrow 5 degree spot to a 50 degree flood. Powered by a COB LED, the luminaire features unmatched optical performance with 30,000 CBCP at 5 degrees, using only 20 watts.

COB LED panel and driver are field replaceable.
