***SNEAK PEEK to LEDucation***

New Registrants

REGISTRATION REQUIRED TO ACCESS

The 2020 Virtual Exhibit Hall is free of charge for everyone.

<https://leducation.org/registration/>

*If you are already registered for LEDucation 2020, you will receive your login information to view exhibitors on August 14<sup>th</sup>.  
If you have not registered, you can do so here (<https://leducation.org/registration/>)*

*Login credentials are required to access the VIRTUAL exhibit hall.*

## Virtual Exhibit

Navigate through the LEDucation Virtual Exhibit Hall and visit approximately 200 leading manufacturers of architectural lighting, controls and related technologies, showcasing their latest products and lighting solutions through virtual exhibitor booths. Peruse product promotions, and more! The Virtual Exhibit Hall is free of charge.

## Schedule

**Friday, August 14, 2020**

Login information for the virtual event will be emailed to all registrants on August 14, 2020

**Tuesday, August 18, 2020**

8:30am – 7:00pm

**Wednesday, August 19, 2020**

8:00am – 6:30pm

## Accredited Webinars

Earn credits as industry experts from the lighting community and allied fields host 22 accredited educational webinars, which include ten panel discussions. Topics slated to be discussed are lighting design trends, control methods, human-centric lighting topics, codes, compliances, technology trends, and so much more!

Let's meet the sixteen**5**hundred manufacturers.....

# a·light

## ALOFT ALO2

Aloft allows designers to create unique configurations. By manipulating a horizontal rotation of 200° Aloft can be shaped in countless ways and locked in place to create the desired design.

your product | our drive

COLOR IS OUR NATURE, LIGHT IS OUR  
PASSION

Our technologies empower our customers to deliver the promise of LED lighting: smarter, sleeker and more efficient systems to meet the needs of an ever more energy conscious world. They dim like no other, smooth and down to dark.

<https://www.eldoled.com/led-drivers/>

sixteen**5**hundred

# ERCO

## ECLIPSE

Eclipse sets new standards in the lighting technology. The lighting of museums – and other projects with similar requirements such as those in the luxury retail segment – places the highest demands on lighting tools. The interchangeable lens units with dark light lenses not only create a magical impression with only one light point.
