

sixteen**5**hundred NEW Product Update:

Delray Sabin Series

Sabin's vertically oriented, closely spaced felt baffles increase overall sound absorption, while minimizing sprinkler system interference. Easily installs over new or retrofit existing Delray Uno and Dos circular LED fixtures in the field without the use of tools.

Eureka Henri

Henri is a timeless, elegant pendant that evokes a playful yet modern feel. While its soft lines provide a soothing presence to any space, the sharp corners help outline its form and allow it to create a bold design statement. A custom designed LED module with the latest technology offers great performance. With its two sizes and generous amount of direct light, Henri is a versatile addition to a designer's toolbox.

NEW Product Update:

Healthcare Lighting HDM with Care 222

Healthcare Lighting HDM with Care 222

Powered by the patented Care222 filtered 222nm technology, HDM actively reduces pathogens on surfaces even with people in the space. The HDM series is available in pendant, surface and recessed forms with proprietary integrated controls which modulate pulses of the filtered 222nm far-UVC light for an appropriate dose for any space type.

Bock Lighting RLM Series

The Bock RLM Series combines iconic style and high-quality design to offer an excellent lighting solution for both indoor and outdoor applications. Reflectors are precision-spun from a high quality aluminum or steel. There are more than 30 shapes available in different sizes each. All reflectors compatible with a number of different light sources and mounting options and accessories.

NEW Product Update:

Acclaim Flex Tube Mini

Flex Tube Mini is a flexible, direct view, outdoor LED strip, with an ultra-compact 0.4" x 0.4" profile. It comes in a 15M spool or custom-built lengths to suit project requirements and features a highly durable second-generation silicone body, which is outdoor rated and high impact resistant.

Fabbian Acustica

The Acustica from Fabbian lighting is a pendant light with a large and thin lampshade designed to absorb surrounding sounds and create a high level of acoustic comfort. Available in two sizes , with multiple colors standard this luminaire constructed out of recycled PED, PMMA and Aluminum can provide a slim modern look to any space.

DONT MISS OUT!! Interior profession vendor fair with art experience.

IIDA is glad to bring you Design+ Art in Motion connecting the Interior Design Profession. We will have lighting, furniture, fabrics, and flooring represented! Alongside that, we will have two local artists being featured, who will be creating a piece of art on-site for everybody to see. Those local artists will be our very own Doug Wittnebel and Nicole Pannuzo. All of our proceeds will be donated to our philanthropic partner for the year Side by Side!

We look forward to seeing you all in person, come on by 255 2nd St. on 8/5 and check it out!
