Monthly Product Update:

EUREKA Caldera

Caldera offers a sleek and narrow profile with a large hollow center allows Caldera to harmonize gracefully with its surroundings, while its sharper and refined silhouette adds an elegant aesthetic touch to any space. Caldera is available in surface, pendant and wall mount options and in both 28" and 48" diameters.

WALDMANN Micro MD

Waldmann Lighting's STARLINE MICRO MD recessed luminaire series brings style and sophistication to any room starting at the top. The small, unassuming form factor fits easily into any drop ceiling and from there, the only limits are the imagination. With an impressive array of size, shape and technical options, STARLINE MICRO MD can be customized to obtain the desired effect subtly and beautifully. With various beam angles; circular, square and rectangular shapes; and several sizes and colors, STARLINE MICRO MD is very effective when used as general lighting and accent lighting – always delivering uniform direct illumination without the glare that can accompany it, with an exceptional glare rating as low as UGR<6.

BETA CALCO Starburst Series

Starburst is a collection of kinetic pendants that when in compact form are semblant of stars which can then manually expand into a larger circle, triangle, or quad. Starburst can adapt to either organic or cosmic interior designs. The overlapping and interlacing of multiple brackets create contours that resemble elements of nature and can evoke feelings of well-being and positivity. The angularity of the brackets and diffusers complement futuristic themes that communicate innovation, high-tech, and the avant-garde.

LLI ARCHITECTURAL LIGHTING LLI-TG1

With a nominal width and height of just under 1", the T-Grid 1" Drop Ceiling Fixture provides the illuminance needed in any space while simply securing to a standard 15/16" suspended grid ceiling. Lumen packages ranging from 1045LM to 2060LM per four foot section are available with seven different distribution options available.

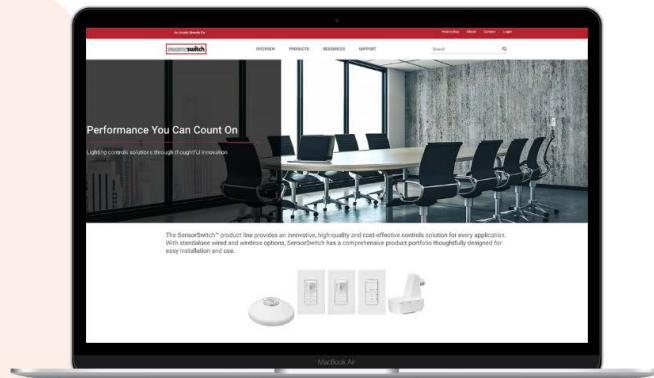

BOCK LIGHTING Mirabella

The Mirabella delivers nostalgia, as it is also known as a classic schoolhouse light. Its iconic design makes the Mirabella a timeless piece. It is the perfect ceiling centerpiece for any indoor space such as a hallway or bedroom.

CONTROLS INSIDER

• New and Improved Sensor Switch Website •

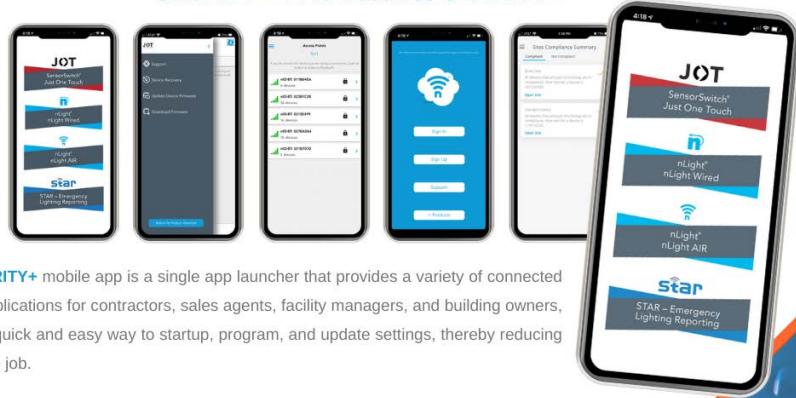

SensorSwitch is pleased to announce a new website! Learn more about innovative technology, lighting controls basics, and stay up to date on the latest SensorSwitch news.

EDUCATION STATION

CLAIRITY™ PRO Becomes **CLAIRITY+**

The **CLAIRITY+** mobile app is a single app launcher that provides a variety of connected lighting applications for contractors, sales agents, facility managers, and building owners, offering a quick and easy way to startup, program, and update settings, thereby reducing time on the job.

Within this app are mobile applications from various brands, including SensorSwitch™ JOT, nLight® Wired, nLight® AIR, and Emergency Lighting Reporting through the STAR application.

The all-new emergency lighting functionality with STAR, delivers effortless life safety compliance, mitigating risk for your site, and avoiding the cost of outsourcing to a third party.

With all applications under one mobile app, it's easy to have a simplified user experience for lighting operations, delivering a one-stop-shop.
